Examiner's Statement of Reasons for Allowance

1. Claims 1-16 are allowed.
2. The following is an examiner's statement of reasons for allowance: the prior art of record neither discloses nor suggests in combination with the other limitations of the independent claim an interior glass pane with an optically transparent first layer which absorbs microwave radiation so that the optically transparent first layer heats up to prevent condensate formation on the interior glass pane during operation of the microwave unit, and wherein the outer glass pane has an optically transparent second layer that reflects microwave radiation passing through the optically transparent first layer.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
